

ENTERTAINMENT ELECTRICS WORKSHOP FOR AUDIO, LIGHTING & VIDEO TECHS

India successfully hosted the first Entertainment Electric Workshop Training which was held at the Gateway Hotel in Bangalore on the 21st & 22nd June 2016. The training was conducted by noted lighting guru and author Richard Cadena.

The workshop is the brainchild of Santana Davis, a director of J Davis Prosound & Lighting and Graflex Inc, who wanted to elevate the levels of technical education amongst Indian crew techs especially those working in the touring sectors.

This certified course covered topics in the field of: Audio, Lighting & Video in television, Live Events and Event Production.
